**X. Stability and Reactivity**

**Conditions to avoid:**

See SDS section 7 – Handling and storage

**Hazardous reactions:**

No hazardous reactions when stored and handled according to the instructions. This product is chemically stable.

**Decomposition products:**

Hazardous decomposition products: No hazardous decomposition products if stored and handled as prescribed/indicated.

**XI. Toxicological Information**

Possible irritant

**Skin:**

Result: Possible irritating

The product has not been tested. The statement has been derived from the properties of the individual components.

**Eye:**

Result: Irritating

The product has not been tested. The statement has been derived from the properties of the individual components.

**Sensitization:**

Result: Possible irritating

The product has not been tested. The statement has been derived from the properties of the individual components.

**Aspiration Hazard:**

Result: No aspiration hazard expected.

The product has not been tested. The statement has been derived from the properties of the individual components.

**Other Information:**
